Consultation Conclusions: Protection Limit

More than sufficient to offset cumulative inflation over time, with 20% increase in real value of protection

Protection limit will be higher than many other Asian economies, and comparable to European economies

Majority of depositors (> 92%) will enjoy full deposit coverage, in line with international standards

Only require a moderate 30% growth in the DPS Fund, minimising the likelihood of banks passing on such costs to customers

Protection limit	United States	Germany	United Kingdom	Hong Kong	Canada	Japan	Mainland China	Singapore	Malaysia	South Korea
In USD terms	250,000	110,376	108,190	102,420	75,451	70,874	70,170	56,833	54,390	38,599
HK\$ equivalent	1,952,750	862,150	845,070	800,000	589,350	553,600	548,100	443,925	424,838	301,500

Next Steps

❖ **Work with the Government on an amendment bill**

- ❖ **Introduce the amendment bill into Legislative Council in next few months**
- ❖ **Strive to implement new protection limit of HK\$800,000 within this year**
- ❖ **Implement other enhancement measures in phases by early 2025**

❖ **Plan to conduct the next review 3 years after the HK\$800,000 limit is put into effect, with the aim of completing the review exercise in the following year**
