The Hong Kong Deposit Protection Board (the Board) today (Thursday) published its Annual Report for 2015-2016. The Report reviews the operations of the Deposit Protection Scheme (DPS) during the year and highlights the Board's plans for 2016-2017.

The major achievements of the Board during the year include:

- the implementation of the gross payout approach and other payout process enhancements to achieve fast payouts, which better protect depositors and help strengthen banking stability;
- the successful completion of a rehearsal featuring an early warning signal from the banking supervisor, and the implementation of new compliance monitoring programmes to ensure Scheme members' information quality and readiness;
- an increase in the total deposits covered by the DPS to HK\$1,784 billion, with 90% depositors fully covered by the DPS protection limit at HK\$500,000; and
- sustaining of an impressive level of public awareness and understanding about the DPS, thanks to a variety of publicity campaigns and tailored outreach activities.
